Basic English Grammar Fourth Edition

English grammar is the way in which meanings are encoded into wordings in the English language. This includes the structure of words, phrases, clauses, and sentences, right up to the structure of whole texts. There are historical, social, cultural and regional variations of English. Divergences from the grammar described here occur in some dialects. ...

To conjugate a verb, for example, take the first principal part of the verb I have - ἔχω, which serves as the lexical or dictionary form of the verb. The present tense stem is formed by removing the omega, and in combination with the connecting or thematic vowel and the primary active personal endings, one is given the following conjugation of the present active indicative of the verb ἔχω:
