Since the moment there was more than one high-yield online savings account to choose from, people have been comparing these accounts based on the interest rate. When I first got a high yield savings account, it was between ING Direct at 4.75% and Emigrant Direct at 5.05%. Oh, how I miss 2006... now the rates [...]

Don't Chase High Rates for Savings Accounts | Poorer Than You

I periodically receive emails from aspiring woodworkers who are looking to start a new woodworking business. Most of them say something like, "I see you've been successful in your business and I too am looking to start building furniture for a living. Do you have tips or advice for someone just ...

Last week, while browsing some Karate books, I found a really interesting book. It is in English, and on the front page it says (with big bold letters): "The 100 Deadliest Karate Moves". Dude... I just

had to read a little! I won't do a review though. It's seriously not necessary, and you will understand [...]

But it isn't just the candidates. Neoconservative Military Analyst Max Boot says that "If Congress and the president can't agree on more funding, our military capabilities will atrophy, and our enemies will be emboldened - heck, they are already." He references a recent report from the influential conservative think tank the American Enterprise Institute, which argues for a military ...

It was only a matter of time before inventory started hitting the market and unsold homes started to pile up. Not that home sales ever saw big volume increases but given the low inventory, any normal amount of homes sales pushed home values into the stratosphere. So here we are with unsold ...

Here comes the inventory: Southern California unsold ...

I still use tumblr, not much has changed. People just changed the way they posted and it gets past somehow, you see a lot of deactivated accounts, but there does seem to be an influx of people balancing out the ones that get banned.

For real though : memes - reddit.com

Many of you have probably heard of the "alkaline diet." There are a few different versions of the acid-alkaline theory circulating the internet, but the basic claim is that the foods we eat leave behind an "ash" after they are metabolized, and this ash can be acid or alkaline (alkaline meaning more basic on the pH scale).

The Acid-Alkaline Myth: Part 1 | Chris Kresser

Graph theory represents one of the most important and interesting areas in computer science. But at the same time it's one of the most misunderstood (at least it was to me). Understanding, using and...
