The history of geography includes many histories of geography which have differed over time and between different cultural and political groups. In more recent developments, geography has become a distinct academic discipline. 'Geography' derives from the Greek γεωγραφία - geographia, a literal translation of which would be "to describe or write about the Earth".

Crimea itself comprises three regions. The first of these, consisting of the northern and central part of Crimea (which constitutes about three-fourths of the peninsula), is made up of a level plain that slopes down gently from south to north. This steppe region is under intensive agricultural cultivation, with winter wheat, corn (maize), potatoes, and sunflowers among the main crops.

NISHAPUR. i. Historical Geography and History to the Beginning of the 20th Century. Nishapur (Nišāpur) was, with Balk, Marv and Herat, one of the four great cities of the province of Khorasan. It flourished in Sasanid and early Islamic times, but after the devastations of the Mongol invasions of the 13th century, subsided into a more modest role until it revived in the 20th century.
