AP Chemistry is an in-depth, fast-paced second-year chemistry course for advanced, science-oriented students. The course will provide students with a thorough grounding in chemical principles and quantitative reasoning, with an emphasis on inorganic chemistry.

AP Chemistry - Dr. VanderVeen

Note-taking (sometimes written as notetaking or note taking) is the practice of recording information captured from another source. By taking notes, the writer records the essence of the information, freeing their mind from having to recall everything. Notes are commonly drawn from a transient source, such as an oral discussion at a meeting, or a lecture (notes of a meeting are usually called ...

Atmospheric entry is the movement of an object from outer space into and through the gases of an atmosphere of a planet, dwarf planet, or natural satellite. There are two main types of atmospheric entry: uncontrolled entry, such as the entry of astronomical objects, space debris, or bolides; and controlled entry (or reentry) of a spacecraft capable of being navigated or following a ...
