A technical writer is a professional information communicator whose task is to transfer information (knowledge) between two or more parties, through any medium that best facilitates the transfer and comprehension of the information. Technical writers research and create information through a variety of delivery mediums (electronic, printed, audio-visual and even touch).

EB5AGV's Technical Manuals CD-ROM Compilation. LAST UPDATE: MAY 2015 I have done a compilation of 276 Hewlett-Packard (Agilent), Tektronix (and some from other brands) Technical

Manuals and put them together in a CD-ROM. I did it for myself as some of the test equipment I have was in need of repair and I had not the manual.
